### **SALARIED GP EAST BANK MEDICAL CENTRE**

December 2024  
6 sessions per week

East Bank Medical Centre is seeking an enthusiastic and motivated GP to join our friendly and supportive team. We see this as an exciting opportunity to add to our practice team, driven by an expanding list size (current list size 7400). We are looking to cover 6 sessions over 3 days per week.

We are an established practice which has been based in our current purpose built building for over 13 years. We have a well organised and stable team of doctors, physicians associates, nurses, health care assistants, a first contact physiotherapist and a practice employed pharmacist, supported by a friendly and efficient administrative team. We place a high value on team work, mutual support and learning. We have monthly practice meetings and the GPs and PAs meet for supervision on a daily basis.

We are soon to be moving to a total triage system for our patient access in order to reduce the 8 am rush. Standard appointments are 15 minutes long and can be telephone or face to face.

- System 1 clinical system.
- Routine use of AccuRx.
- Amenable to supporting a GP retainer.
- High QOF scores and full range of enhanced services, anticoagulation and LARC services.
- Access to social prescribing team, community support worker, primary mental healthcare support worker, IAPT.
- Registrar and undergraduate training practice.
- CQC rated 'good'.
- Active member of PCN.
- New, high quality purpose built premises with secure staff parking.
- Supportive of career progression and further training opportunities for staff members.

### **CLINICAL LEAD OF PRIMARY CARE AT SCALE PRIMARY CARE SHEFFIELD**

**Closing date: 27<sup>th</sup> September**

Salary: £115 000 pro rata

Type of Role: Clinical Lead, 36 hours split 50:50 between clinical and leadership

This is an exciting opportunity for a motivated, forward-thinking GP to expand their role as a leader as well as clinician. We are looking for an exceptional person who will build strong relationships within our At Scale team, with our Medical Director and executive team colleagues and with our wider shareholding practices and ICB and Provider colleagues. We seek somebody who will share our values and ambitions to deliver high quality, innovative Primary Care, bringing clinical leadership experience to our At Scale services and innovation and motivation to develop clinical services in community settings.

The Clinical Lead will be responsible for our At Scale services providing clinical leadership and assurance to the executive team and board. The role will include clinical sessions totalling 18 hours within the same day service with the equivalent management sessions. This is an exciting opportunity to lead innovation in Primary Care - clinically leading elective care pathway redesign, working in partnership with other provider organisations, to develop and integrate services into the community to help improve access and experience for the residents of Sheffield. The lead will work with the Clinical Quality Manager and share responsibility for clinical safety, quality and responsiveness of services whilst working in an integrated way with PCS's other services. The lead will provide leadership to the medical workforce in the At Scale services ensuring that they are adhering to professional standards and leading the way in demonstrating the values of PCS. This role will present a range of opportunities for personal development and to influence PCS's direction and that of General Practice in the city.

A team player, comfortable with strategic issues and improving operational performance, you will be excited by the opportunity to help shape the organisation's future and that of primary care in the city whilst also ensuring sustained progress in the drive to continuously improve the experience of patients and their families.

Primary Care Sheffield (PCS) is a GP-led organisation. Our shareholders are 72 GP practices in Sheffield covering around 600,000 patients. We have a social purpose; improving the quality of care through the reinvestment of surplus into patient services. We exist to provide services which make the health and care system work better for everyone in particular providing an infrastructure through which GP practices and primary care networks can flourish.

To apply for this role, you should apply through NHS jobs.

**CLINICAL PHARMACIST  
SAPA5 PCN**

Contract type: Permanent / Working pattern: Full-time  
Pay: Depending on experience  
Area of work: General Practice

We are thrilled to announce an exciting opportunity for Clinical Pharmacists to join our Primary Care Network (PCN) team. SAPA5 is a North Sheffield PCN encompassing six practices within the S5 postcode area. We are expanding our team of Clinical Pharmacists to build on the substantial impact the role has already made within our network.

Successful candidates will work across one or two of our member practices and collaborate closely with both the individual practices and the wider pharmacy team. This position is offered as a permanent contract.

The post holder will work within practices to support the team with medication and prescription queries, conduct structured medication reviews, and assist in quality improvement initiatives to ensure cost-effective, safe, and environmentally sustainable medication management for the PCN.

Responsibilities include supporting the repeat prescription system, handling acute prescription requests, and managing medicines reconciliation during care transitions. The post holder will also contribute to systems for safer prescribing and provide expert clinical medicines advice, addressing both public and social care needs of patients within the GP practices.

Application method: Email applications - CV to [ian.moorhouse@nhs.net](mailto:ian.moorhouse@nhs.net).

**Closing date: 16 September 2024.**
