

## Job Vacancies - Salaried GP

Closing date 5th May 2024

### Job Summary

We have a permanent position available for a salaried GP wanting 4 or more sessions per week, including Thursdays and Fridays.

### About us:

We are a friendly dispensing practice with 6300 patients distributed across towns, villages and rural communities in the Camborne and Redruth area. Our surgeries are in Illogan and Lanner.

Two partners and three salaried GPs are supported by an eldercare matron, clinical pharmacist, social prescriber, physiotherapist and nursing team. In August 2023 we became a GP training practice and have an ST3 with us.

We have clinical meetings on Wednesday mornings when we share learning, discuss complex cases, review significant events and safeguarding matters, and liaise with community multi-disciplinary teams.

Ours is an interesting patient cohort with a surprising number of complex cases that will allow a GP who enjoys holistic practice and teamwork to develop and thrive professionally.

We believe in offering the support and flexibility for people to get the best from their work.

For the right candidate, partnership is a possibility.
