

Patients asked we delivered

Tanhouse Clinic held a Macmillan Coffee morning as the patients had suggested a drink would be nice when they attend for their flu vaccination walk in clinic.

We managed to raise £253.00, the morning was run by volunteer patients. The donations were greatly received from staff and patients.

We utilised the morning to:

Provide information leaflets and raise Cancer Awareness.

Administer flu vaccines, (even when we ran out, clinics were made in advance to book the over 65years after the next delivery)

Health care assistant saw patients who had come to the flu clinic but needed other interventions, like bloods, health checks, monitoring.

Feedback from the patients was encouraging and supportive.

A big thank you to Marks and Spencer (New Oscott), Garraways, Copes of Smethwick and Tesco Express (Hamstead) for their generosity.
